Premium checks and original 1035 forms are to be sent through the mail. Please contact your Case Manager for questions regarding state form requirements.

SimpleSubmit® information

How do I schedule the paramedical exam?

There are two ways to schedule the paramedical exam.

1. Use the online scheduling tool within SimpleSubmit. Please note: When using SimpleSubmit, APPS-Portamedic and Exam One are currently the only paramedical vendors available through the online tool.
2. Use your own examiner. You can elect to bypass the online scheduling tool and schedule the paramedical exam with a vendor of your choice from the approved vendors (see page 6). Please note: **YOU MUST ADVISE THE EXAMINER TO COMPLETE THE PARAMED EXAM WHICH INCLUDES THE HEALTH AND LIFESTYLE QUESTIONS**

For additional information on the SimpleSubmit e-app - refer to the SimpleSubmit Agent Guide.

How does the SimpleSubmit process differ from paper applications?

SimpleSubmit allows you to gather basic client information and signatures electronically. For ages 17 and under, the medical and lifestyle questions are asked during the SimpleSubmit process. For ages 18 and up, your client will answer the medical and lifestyle questions either during the Online Part 2 for WriteAway cases or during the paramedical exam, physical measurements, and lab sample collection for traditional.

Can I use SimpleSubmit for all applications?

You will not be able to use SimpleSubmit for all applications. The instances when you must still use a paper application are as follows:

- Policy change conversions, reinstatements, face amount increases, adding riders, benefits and class/rate changes

WriteAway® underwriting

1. Please refer to the WriteAway field guide for full guidelines regarding acceptable product parameters, medical history, and process details.
2. If your applicant qualifies for the WriteAway process, please do not set up paramedical exams. If your client requires an abbreviated exam after underwriting review, the administrative office will order the exam.
3. WriteAway applications may be monitored post-issue to confirm the disclosures. A policy may be rescinded if information reveals a material misrepresentation in the application submitted.
4. For any other questions, please contact the administrative office.

51-60				For Cause	24 months	24 months
61-70				24 months	24 months	Required in all cases

Key

24 months	An attending physician statement (APS) or electronic health data will typically be ordered by the administrative office if the applicant has been seen within 24 months. *For cases within the WriteAway age and face amount parameters, an APS would not be required unless for cause.
For Cause	The underwriter makes every effort to use the application and other third-party medical data to assess the risk and will use judgement to determine if medical records are needed.
Required in all cases	It is our expectation that these applicants have regular medical care, including health screenings. Therefore, if not seen by a medical care professional within 12 months, we will not be able to proceed with the case.
For ages 1-70	If there is no visit to a medical care professional and there is an APS required within the timeframe noted above, cases may be considered on an individual basis.

Requirements are based on the actual age of the proposed insured on the date of the application. When determining the underwriting requirements, use the total amount of life insurance applied for and in-force with North American in the past two years.
